Experience

Concerto Compliance Internship

May – Jul 2023

Glenn Chamberlain

Summer Internship

Policy Design Update:

- Acquired a comprehensive understanding of necessary policies and procedures for implementing, supporting, and maintaining a SOC 2 & PCI DSS-compliant security program.
- Standardized layout of all policies and procedures within a unified theme, making templates adaptable for multiple client environments.
- Enhanced policy clarity by replacing all client/environment-specific references with variables.
- Removed hyperlinks and technology-specific solutions while providing clear communication for necessary updates.
- Contributed to quality improvement by offering expert recommendations for policy enhancements, and applying critical thinking based on my academic background and personal experience.
- Adapted all policies to the newly established Concerto Compliance Policy template formatting.

Control & Policy Mapping:

- Developed a robust understanding of the various tasks required for organizations to maintain an effective security and compliance program.
- Executed comprehensive mapping of SOC 2 & PCI DSS 4.0 controls to recurring activities and supporting policies within the GRC Template, ensuring comprehensive coverage.
- Gained in-depth familiarity with the SOC 2 and PCI DSS 4.0 frameworks, analyzing them as standalone elements using the GRC Template Base.

- Conducted a thorough review of each Control to determine the specific action and policy required to meet the framework standards.
- Created new records for Recurring Controls and Policies and procedures to meet specific control requirements.
- Demonstrated initiative in creating new Recurring Controls and Policies/Procedures where existing ones fell short of requirements.

MBVCA Data Entry

Jun – Jul 2021

Miami Beach Visitor and Convention Authority

Summer Internship

- Review of MBVCA's database of public places for dated information.
 - Researched information from the public places in Miami Beach.
 - Updated MBVCA's database with the latest information.
-
